ACADEMY
OF DISTINCTION ODV

WORDS FOR SUCCESS
WORDS FOR LIFE

THE NEW GENERAL SERVICE LIST PROJECT

FREE ONLINE WEBINAR

DATE
24 Jan, 2024

TIME
15:00 - 16:00 GMT

This presentation will briefly introduce the NGSL wordlists and the science behind them, and then discuss and demonstrate some of our online learning tools. Three of the learning principles which have guided the development of learning tools include (1) learning words from authentic contexts, (2) learning through spaced-repetition and (3) gamification. All resources are available from the NGSL Project Website (www.newgeneralservicelist.com) including a link to my TedX talk that introduces the NGSL wordlist.
